

KY Outlaw Quarter Horse now accepting Apprenticeship Applications for 2016.

This apprenticeship is a fantastic opportunity for somebody who wants a real hands-on experience in the equine industry. Accepted applicants will be given the opportunity to participate in every aspect of a working breeding farm and performance horse facility. Apprentices at KY Outlaw are given the opportunity to ride horses of every ability level, from starting their very own Project Colts to riding finished show horses. They will have the opportunity to assist in a full-service equine breeding program. They will have the opportunity to participate in breeding sound exams artificially inseminating mares, as well as the always exciting foaling season. Apprentices at KY Outlaw are given the opportunity to participate in helping to raise and work with the weanlings and yearlings along with show season programs and as well as the clinics and events we host.

If you're looking for an apprenticeship that allows you real experience riding and training and doesn't just expect you to clean stalls and groom all day, this is a great chance for you.

**Apprenticeships (1 month minimum commitment)
We want to start an Apprenticeship program whereby all
our apprentices became like just one of the family.**

**Hopefully we will be able to provide them with the tools to
make their career choice more rewarding.**

**For a person that wants to make a career in the horse
industry in my opinion the best education is not in a college or university but
in the actual world. You will start at the bottom and work up as with any
profession in order to learn all aspects of the business. This is the true way
to success. We here at KY Outlaw offer this rare hands on opportunity to
those willing to pay for the education they get here with blood, sweat, and
tears. Your only other costs will be for your food and spending money. We
will supply a room along with sitting room and bath.**

If you are interested in the position: We will need a video of your riding a horse about 5 minutes in length. You will also need to stand in front of the camera and tell us things like: your goals, educational background, accomplishments, family, future plans, hobbies other than horses, where you live, and anything else that you think we might like to hear about. This part should be no more than 5 minutes. Send us the same info in a resume with dates you will be able to stay via email at outlawacre@aol.com

Post video to YouTube or send them to us on a cd.

You must be 21 years of age and only non-smokers will be considered.

Thanks for your interest.
